I enclose a statement showing the maternity hospitals and maternity wards existing in different places. The cost in each case is also noted. It will be seen that these institutions fall into three types - (i) Maternity Hospitals, (ii) Maternity Wards forming an appendage to the female dispensaries at District Head Quarters and (iii) Maternity Wards at Taluk Head Quarters.

2. The entire cost is met by Government only in the case of Maternity Hospital at Bangalore. In Mysore and on the Kolar Gold Fields 2/3 cost is borne by Government and the rest by the local bodies. As regards the other institutions at District as well as at Taluk Head Quarters, the entire charge is borne by local bodies, and no part of the expenditure is met by Government.

4)

3. Seeing that the provision of medical relief forms one of the obligatory duties which devolve on the District Boards and Municipal Councils I do not see why any part of the liability must should be transferred to Government at all. I must note however, that at present there is no uniformity in the apportionment of charges relating to the several types of the maternity hospitals now existing. A definite ruling such as is suggested in para 28 supra would remove this anomaly and would for this reason be desirable. But so far as maternities at District Head Quarters are concerned, we have all along been limiting the Government share of the expenditure

to meet

The General Secretary,

the Maharaja of Mysore, Bangalore.

Sir,

In continuation of this office No.C. 2408-6, dated 20th August 1928, I have the honour to forward herewith a copy of a reply No. L.B. 564, dated 18th October 1928 from the President, District Board, Kadur District, together with a copy of the resolution of District Board, pleading inability to meet the requirements for opening the Maternity ward at Chickmagalur and to state that the contention put forward by the District Board "that the institution had no longer the character of a Local Fund Dispensary" is not maintainable, in as much as the dispensary work does not cease to exist by the mere opening of an additional maternity ward, and the importance and usefulness of the dispensary would on the other hand be enhanced. A copy of a reply received from the President, Municipal Council, Chickmagalur, in the matter is also enclosed.

Unless the local bodies are prepared to meet their quota of cost of maintenance of the maternity ward, it is not possible to open a maternity at Chickmagalur.

I have the honour to be,

Sir,

Sir,

I am directed to state that it is reported that the Municipal Council of Chickmagalur and the District Board, Kadur Dt., plead inability to bear their share of contribution towards the extra cost involved in the revision of the scale of the establishment of the Maternity Hospital at Chickmagalur and the cost of equipping the new hospital and wards at the place

I am to point out that it is one of the obligatory duties of local bodies to contribute towards the up-keep of Hospital and Maternities in their respective areas and this was reiterated in G.O. No.G.10642 59/Med.85-25-6 dated the 28th June 1926.

Moreover the Women's Hospital at Chickmagalur has been considerably improved out of the ^{liberal} munificent gift of Mr. Nagappa Setty ^{and} without ~~levying~~ any contribution from the local bodies for such improvement. It therefore ^{(is) ~~appears~~ ^{only right}} ~~appears~~ but fair that the local bodies should also strive to make the institution really useful and popular.

I am accordingly to request you to be so good as to persuade the Municipal Council of Chickmagalur and the District Board, Kadur District, to agree to bear ~~the~~ their quota of the additional cost of

orders in regard to the apportionment of the
cost of Female Dispensaries and Maternities.

Order No. 4 11950-70
Dated, Bangalore, 5th April 1930
~~November 1929~~

The Government Order read above lays
down that in the case of Maternity Hospitals
to be newly opened, the salary of the Lady
Doctor and the cost of Europe medicines
should be met from State Funds, the remain-
ing expenditure being borne by the District
Board and the Municipality concerned in such
proportion as they may decide among them-
selves by mutual consent. Government con-
sider that such an indefinite allocation of
charges leads to practical inconvenience
and that the policy of Government in regard
to them requires revision in the light of
actual experience.

They are accordingly pleased to direct
that in respect of all Maternity Hospitals
to be opened hereafter [at District Head
Quarters] half of the recurring expenditure
other than that involved in the pay of the
Lady Doctor and the cost of Europe medicines
ordinarily borne by the Municipal Council can
be borne by Government and the other half
borne and the other half by the District Board
apportioned between the District Board and
Municipality in the ratio of two to one.
